

COMPANY PROFILE

We enable what's next.

AI-powered partnerships in technology, talent, and digital growth — built around your outcomes, not our boundaries.

WHO WE ARE

A growth partnership, not another vendor.

Lucidspire is an AI-powered growth partnership that brings technology, talent, and digital marketing together under one accountable roof. We work with leaders who care about outcomes — revenue earned, products shipped, teams hired, markets entered — not status updates.

Most engagements start with one specific need. They grow because the work earns the next conversation. AI is structural to how we work, not a feature we bolt on.

OUR PROMISE

Bring us one specific problem. We'll earn the rest.

Tell us where you want to go. We'll show you exactly how we'd get you there — and what enabling looks like for your business, specifically.

Four practices. One accountable team.

IT services

Engineering teams that ship — AI platforms, custom software, modernisation, cloud, and data. We build the systems your business runs on.

- LLM-driven platforms
- Application modernisation
- Cloud & DevOps
- Data engineering & BI

Staffing

Borderless hiring with intelligent sourcing, compliance and EOR across India, GCC, USA and UK. Shortlists you can act on before your next meeting.

- Contract & permanent
- EOR & Saudisation
- Specialist tech & engineering roles
- Volume hiring for GCC

Digital marketing

Performance, brand and content systems that turn intent into pipeline. Built with measurement first — not vanity dashboards.

- SEO & content
- Paid acquisition
- Lifecycle & CRM
- Brand & creative

Odoo partner

Recognised global Odoo partner. Implementations and extensions for manufacturing, retail, services and distribution — from a team that ships.

- ERP implementation
- Custom modules & APIs
- Migration & rollout
- AMS & continuous improvement

Earn the next conversation.

01 Listen for the specific problem

We start with one outcome. Not a deck, not a discovery sprint — a clear statement of what 'better' looks like in 90 days.

02 Move with a small, senior team

Lean pods of practitioners — engineers, recruiters, marketers — with one person accountable end-to-end. AI sits inside the workflow, not next to it.

03 Earn the next conversation

We ship, we measure, we report honestly. If the work compounds, we become the thinking partner. If not, we don't deserve to.

Why teams choose Lucidspire

- Outcomes over hours — fixed problem, accountable team.
- AI is structural to delivery, not a marketing veneer.
- Borderless: one partner across India, GCC, US and UK.
- Senior practitioners on the work — not junior pass-throughs.

Where we deliver.

Information Technology

Global talent & intelligent platforms

Manufacturing

Predictive systems & workforce planning

Engineering

Specialist roles across four countries

Automobiles

R&D talent & after-sales operations

Retail

Omnichannel software & brand growth

SELECTED CLIENTS

Trusted by teams that ship.

Ness	LTIMindtree	Coforge	TEKsystems
Zepto	ITC	MathCo	Quest Global
VECV	Aujas	Mastech	MindStaq
Aamalcom	Appsistem	Sixth Energy	

Where we add value most

Teams that need senior AI-fluent execution across software, hiring and growth — without juggling three vendors and four contracts.

In their own words.

“

Lucidspire reshaped how we hire across borders. Their delivery speed and quality are unmatched — we now have a partner that thinks like an extension of our team.

Abu Moniruzzaman

Chairman, MindStaq · USA

“

From sourcing to compliance, every step is intelligent. They've helped us scale Saudisation with confidence — a vendor became an indispensable partner.

Haifa Alotaibi

General Manager, Aamalcom · KSA

“

Their engineering team delivered an LLM-driven platform that we'd budgeted twelve months for — in five. The LucidBuild framework is the real deal.

Shrikanth B Mugali

Program Manager, Appsystem · India

“

We get shortlists before our next meeting. Compliance, scoring, geography — handled. Lucidspire feels like a quiet superpower on our side.

Sreelakshmi M

Senior HR Executive, Sixth Energy · India
